Vision Statement

Committed to assisting East of the River Youth to excel in school and pursue an undergraduate and graduate education

About the Camp

The Career Exposure Camp, inc. (“the Camp”) is a multi week long, summer youth enrichment program for 20 students, who will be enrolled in the 6th, 7th, 8th and 9th grade in Fall 2022. The youth primarily reside in Ward 7 and Ward 8, and will be exposed to STEAM professional careers with an emphasis in science, math, reading, creativity and critical thinking.

The goals of the summer youth enrichment program are:

- (1) to develop and strengthen skills in science, math, reading, creativity and critical thinking;
- (2) to provide an interactive curriculum and environment;
- (3) to expose youth to professional career fields and successful minority professionals; and
- (4) to encourage youth to pursue an undergraduate and graduate school education.

Program activities will include hands-on activities about media, entrepreneurship, and architecture through math and science, group projects and group presentations. Students will learn to value the above mentioned goals along with leadership, service and respect for themselves and others. The program will also include career exploration and academic skills development. Students will be served breakfast and lunch throughout the week. There will have group outings throughout the week to career related sites. Youth must attend an orientation session along with their parent/guardian and submit a completed registration form.

The Camp is able to serve our youth through a partnership between the Washington, DC Chapter of the National Organization of Minority Architects (DCNOMA), DC Dream Center, the Southeast White House, and The Career Exposure Camp staff.
